

Coordinated School Health Collaborative Overview & Meeting Schedule 2011-2012

Intended Audience: District Administrators; Coordinators, Nurses and Community Health Organizations, Counselors, members of Health Teams and Coordinated School Health Councils.

Description: The Coordinated School Health Collaborative focuses upon health and wellness of students, policy compliance, Title IV, resources and support for healthy youth and schools. The purpose of the Coordinated School Health Collaborative is to strengthen effective practices at the site and district level and address solutions to challenge. Participants will also explore available resources and share practices, strategies and concerns related to the area of health and wellness.

Vision Statement: The Coordinated School Health Collaborative will provide Coordinated School Health program resources for students, families, schools and communities that enhance students' health, safety, and social and emotional well being in order to maximize their educational success and well being.

Guiding Principles: The Santa Clara County Office of Education recognizes that the Coordinated School Health Collaborative members are leaders and advocates in the areas of health and wellness for children, families and school communities and that the well being of these groups is best served via solid partnerships built on a common vision. Towards that end, the Coordinated School Health Collaborative is a powerful and dynamic network that shares resources and research based information and materials as well as promotes:

1. The common vision and language of Coordinated School Health
2. A healthy and positive school environment
3. Health and wellness practices, policies and strategies based on best practices
