

CSET English Test Preparation Course

All teachers in California need to prove subject matter competency to be considered highly qualified under No Child Left Behind. One option to demonstrate subject matter knowledge that many teachers choose is to take and pass the California Subject Examination for Teachers exam in their credential area.

Test preparation is being offered for Single Subject English candidates.

Single Subject English— Subtests I & III

This course will prepare test-takers for the multiple choice and essay portions of the CSET English exam, comprising Literature & Textual Analysis and Composition & Rhetoric. In addition to reviewing content, we will explore how understanding the structure and scoring method of the subtests can enhance test-day performance.
