

A Personal Invitation to Attend...

THE STOCK MARKET GAME™ SYMPOSIUM *featuring*

Maureen Fong
*Global Wealth Management
Resident Director
Merrill Lynch*

Jim Greco
*Administrator, Mathematics
& Leadership Office
California Dept. of Education*

Saturday, December 6, 2008 9:00am-2:00pm • Free of Charge!

Santa Clara County Office of Education • 1290 Ridder Park Drive • San Jose, CA 95131

Breakfast & Lunch Provided

Never before has there been a better time to teach the valuable lessons of financial literacy! History is in the making, and your students can be a part of this momentous milestone in the U.S. economy. Economics and Mathematics come alive with the living lab that extends beyond your classroom walls.

Gain valuable investment knowledge for yourself – then, learn how to teach these concepts to your students via The Stock Market Game!

Academic Skills

Teach core competencies, critical thinking skills and teamwork using a program that engages students and meets California state standards in six core academic subjects:

Math ■ Language Arts ■ Social Studies ■ Economics ■ Business Education ■ Technology

“The SMG provides a highly dynamic and engaging way to apply Math in the everyday world. It’s great to see the students’ eagerness to learn more - I will definitely use it!

*– Agnes Kaiser
7th Grade Math Teacher*

FREE, simple, focused lesson plans provide core concepts, enrichment activities and vocabulary. SMG curriculum is age appropriate and differentiated at each level: Elementary grades 4+, Middle School and High School.

2 simple steps to register!

1. Register to teach The Stock Market Game at www.stockmarketgame.org for the Spring session and your ID and password will be emailed to you within 48 hours.
2. Register for the December 6 Teacher Symposium at <http://www.santaclara.k12oms.org>.
