

Mathematics Institutes to Foster Student Success

Institute Overview:

Participants will learn to develop mathematical thinking within their students by integrating arithmetic and algebra in the early grades. We will focus on generating mathematical ideas as well as expressing and justifying them. Strategies to develop academic language will be shared, and participants will learn what they can do in the early grades to prepare their students for success in algebra, high school math courses and college too!

Please select session(s) you want to attend:

Math Institute for grades K-5

February 17-19, 2009

Breakout sessions for grades (K-2) and (3-5)

Limited to 30 participants

Math Institutes for grades PreK - Algebra 1

April 14-16, 2009

Breakout sessions for grades (PreK-2), (3-5), (6-Algebra 1)

Limited to 45 participants

Time

8:00 a.m. - 3:30 p.m.

Location

Santa Clara County Office of Education
1290 Ridder Park Drive, San Jose, CA 95131
