

A Look at Learning: Classroom Observation and Facilitation of Dialogues for ELD and SDAIE Settings

A Look at Learning is designed for administrators, teacher leaders and coaches who are committed to increase the academic achievement of English learners.

This workshop series will

- review key components of ELD and SDAIE instruction
- discuss factors that impact English learners academic achievement
- share characteristics of effective EL instructional programs and research-based practices
- build a collaborative system and school/district capacity that can support teachers in implementing practices to maximize student achievement

Participants will receive tools and learn how to engage teachers by critiquing instructional videos, examining lesson plans, analyzing student work, practicing facilitation protocol, and developing an action plan for providing job-embedded support in leading teachers to increase student achievement through improved instructional practices.

Presenters: Yee Wan, Ed.D. and District Leaders

Yee Wan, Ed.D. is the coordinator of the English Language Learners Program at the Santa Clara County Office of Education. She has authored and co-authored several resource materials, including *A Look at Learning: Guide to Observation of ELD and SDAIE Settings*. Currently she is developing videos of teachers' best practices to support the academic achievement of English learners.
