Young Artist Showcase

The SCCOE is proud to promote youth engagement, community participation and recognition of students' artistic talents and creativity. The Visual & Performing Arts program features the **Young Artists Showcase**, a collection of PreK-12 visual artwork. Pre-Kindergarten through twelfth grade educators: art teachers, generalists and teachers of other disciplines are encouraged to submit original student artwork for selection into the SCCOE's permanent collection.

We're sharing info on the Young Artist Showcase here, but the deadline isn't until the spring. We hope this helps you with your planning for the school year (and parents - please work with your child's teacher to submit artwork). **The deadline is Tuesday, April 5th, 2011.** Artwork will be accepted beginning February 2011.

2nd Annual Student Arts Festival

Montalvo Arts Center in Saratoga and the Santa Clara County Office of Education have joined forces to present the 2nd annual Student Arts Festival at Montalvo Arts Center on Saturday, April 16th, 2011, as a featured element of Montalvo's Arts Splash open house. Student teams, representing Kindergarten through Grade 12 and working with adult Advisor/Mentors to developed original, student-created collaborative artworks or performances addressing the 2011 theme, which has not yet been determined

The collaborative arts and integrated projects include works in music, dance, theatre/literary arts, visual arts, culinary arts, and new media. A call for proposals is now available for all K-12 Santa Clara County public, private, and home school students. The student artist teams will work over several months to develop their concepts. They will design and produce their pieces and performances, and then reflect on their learning process. Contact learn@montalvoarts.org if you have additional questions. **The deadline to register is January 15, 2010** (postmarked).

For registration information on both, visit <http://artspiration.sccoe.org/index.php/students>
