

Building Trades and Construction Industry Sector Professional Learning Community For Implementation of a Construction Trades Tech Prep Grant

September 2010- June 2011
Hosted by the Santa Clara County CTE Department

CTE Building Trades and Construction teachers are invited to join the first countywide Construction Trades Professional Learning Community. It will be a cohort of up to 20 teachers.

Participants will:

- Receive **FREE** professional development from DeAnza College, Mission College and GoingEvergreen. Classroom **Substitutes** and **Stipends** are paid
- Receive training to implement “green” lessons plans and projects
- Develop local business partners to provide industry student internships
- Share lesson plans, best practices and review student data
- Engage in meaningful relationships with construction trades instructors
- Participate in field-trips to community colleges and the Pipe Trades Training Center
- And much, much more... (see the *TP Demonstration Timeline* on next page)
