## Directions

To Yellow Pines Volunteer Camp Ground (first 2 days of trip):

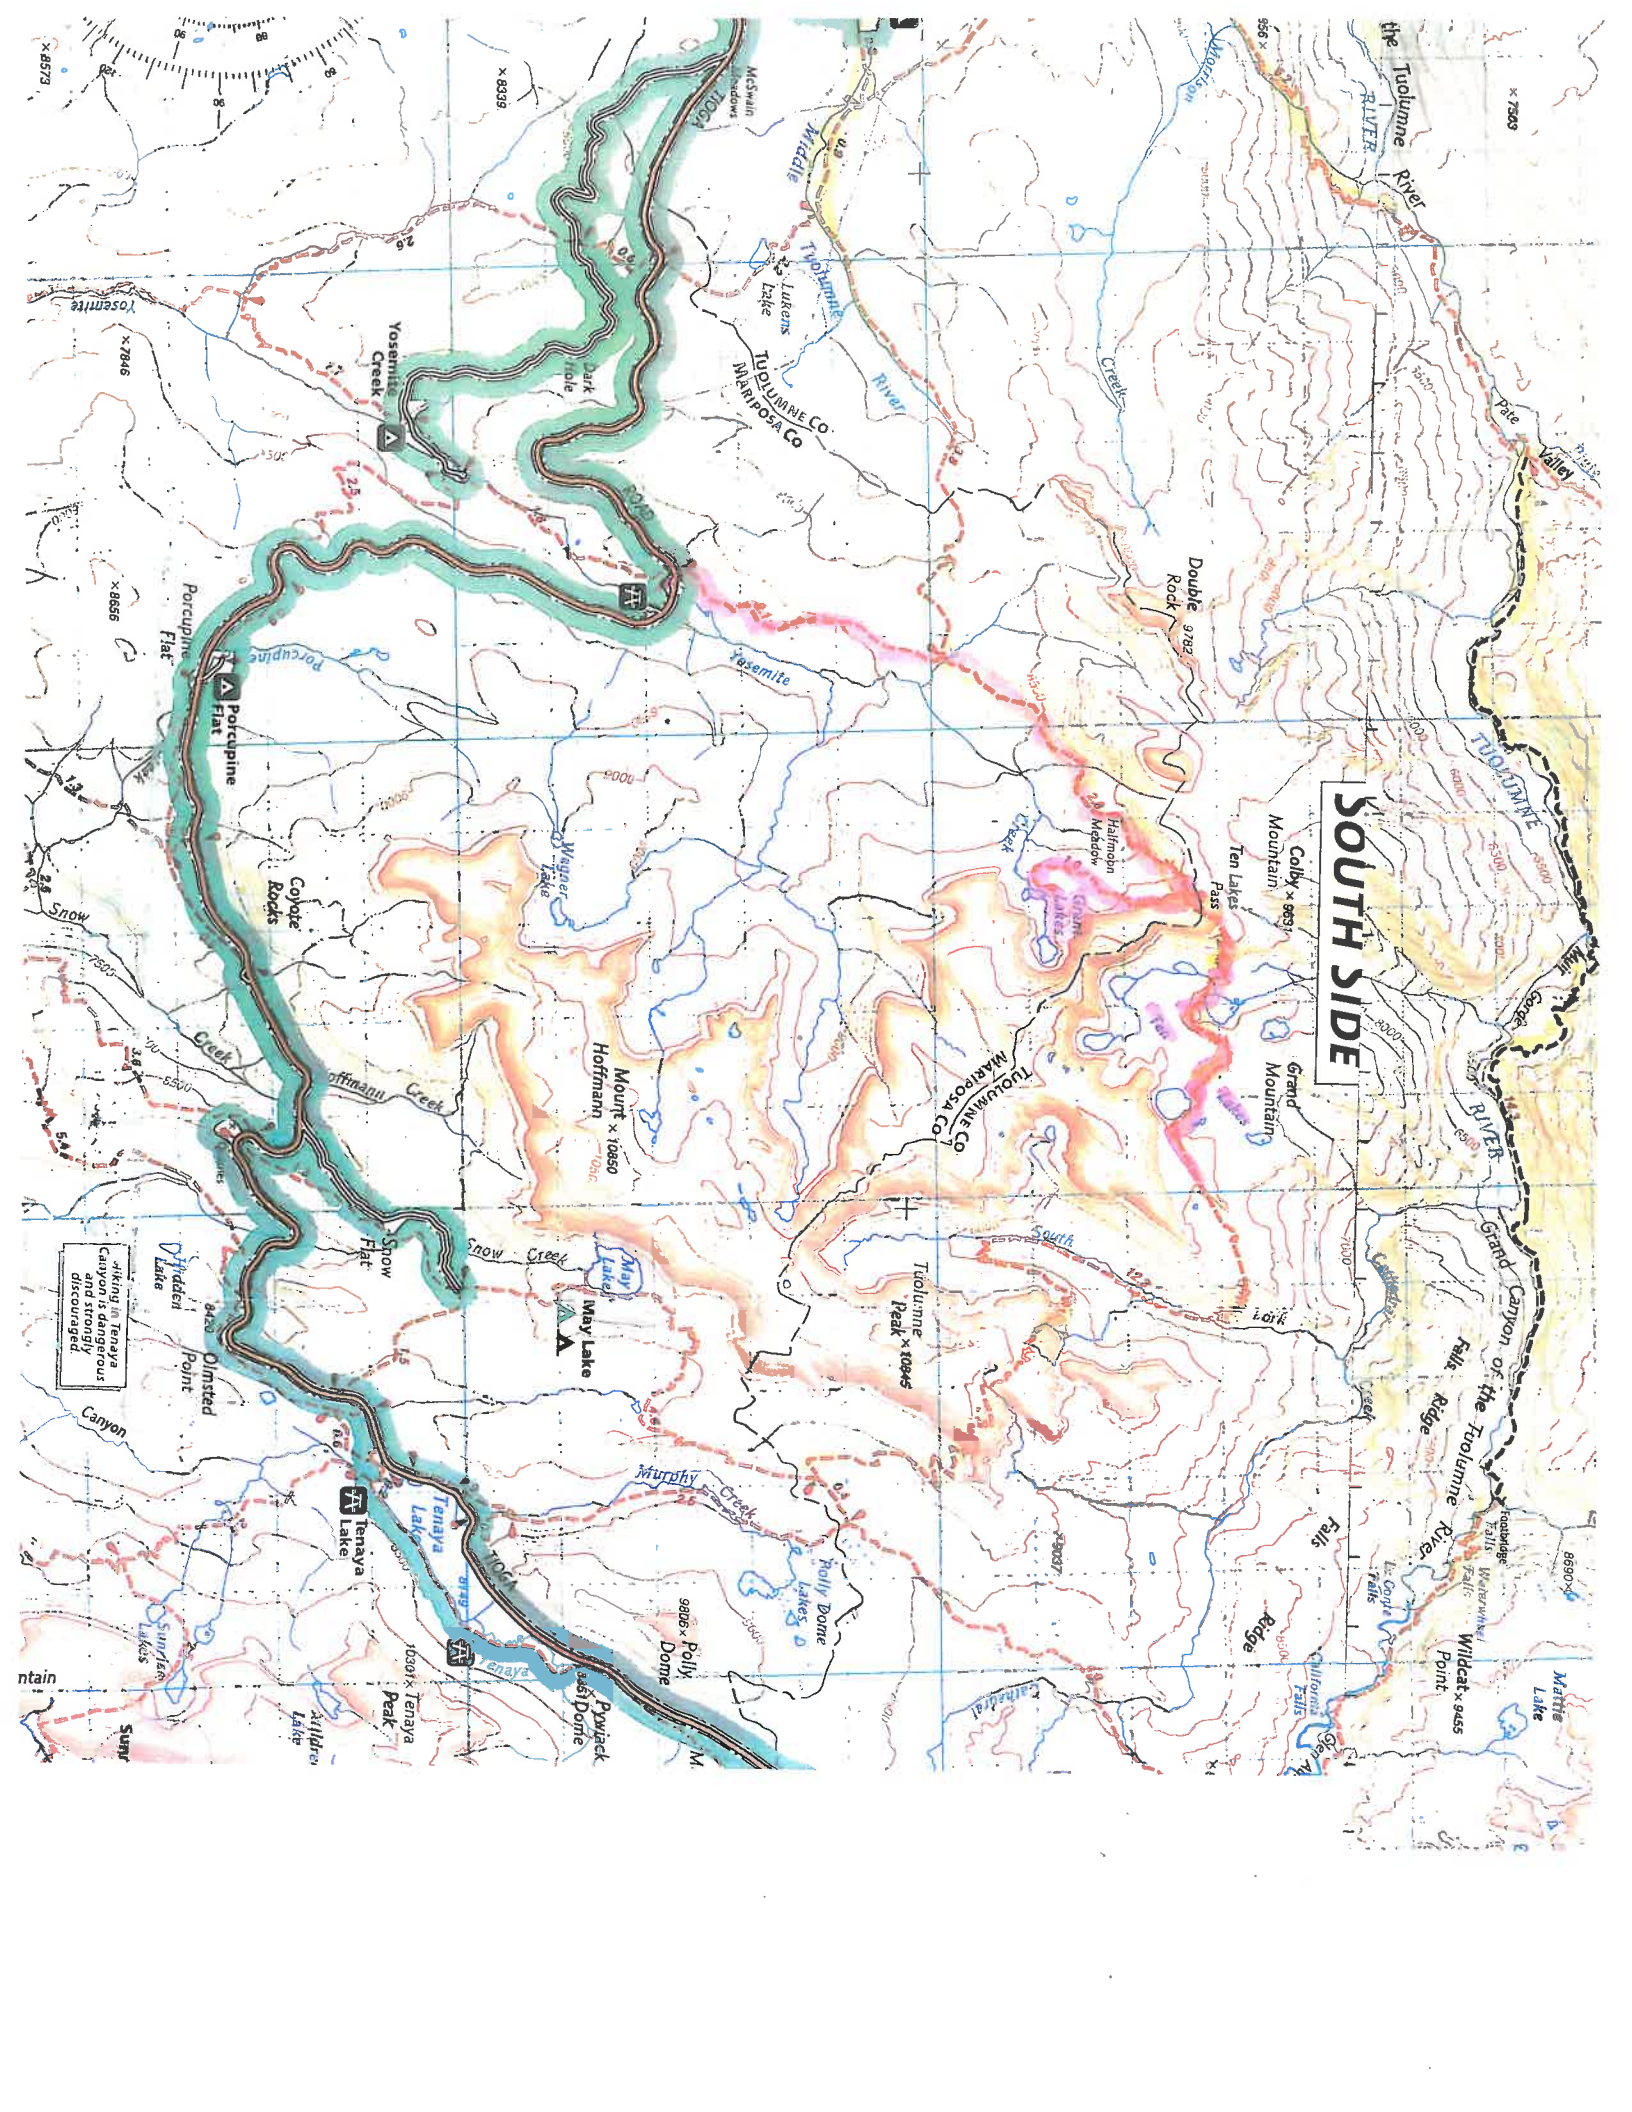

Find your way to Yosemite going east on 120.  
Follow signs to Yosemite Valley – you will end up on 41 east (Big Oak Flat Road).  
Once in the Valley, you will be on a one way road (southside drive).  
Keep a sharp eye out on the LEFT side for a sign saying ‘Yellow Pines’ campground.  
Turn left into campground – You will probably see the Walden West van after a short search.  
That’s where we are!

To Ten Lakes trailhead:

Find your way to Yosemite going east on 120.  
At junction where 41 continues into the valley, stay left on 120 to TUOLUMNE MEADOWS (aka Tioga Road).  
About 4 miles past White Wolf, you should see a sign for the Ten Lakes trailhead and a picnic area.
